INDEX TO MACHINERY AND PRODUCTION ENGINEERING

A

Page

AC-Delco Ltd:
Automatic transfer assembly machine for AC spark plug components 157
AEW Ltd:
Heavy industrial furnaces Series 2 589
AK Fans Ltd: 602
AMT (Birmingham) Ltd:
Orbital thread-milling machine 45
APD+ co-ordinate digitized system coupled to a paper tape punch for recording data extracted from a drawing, Data Technology .. 630
APEX 2 - 2nd Automated Production Exhibition .. .. 5E Dec 6
ASAS - Atkins Stress Analysis System 755
ASEA Nucon control fitted to Jones & Lamson TNC lathe 821
ASH Components Ltd: 172
Abbey Electronics Automation Ltd:
Electronic tachometer type 1031 310
Abplanalop AG, Switzerland .. 703
Abrasive belt machine, Master
Abrasive type D160 98
Abrasive Developments Ltd:
Vaqua D high-volume wet-blasting process 413
Abrasive finishing, Slater polyurethane contact wheels for 773
Abrasive finishing technique, Extrude Hone 708
Abrasive Industry Suppliers Ltd:
Microfine Super abrasive cutting-off machine 420
Accles & Pollock Ltd:
Details of exhibits at The 28th SBAC Exhibition 536
Accumulator stations, Hydrotools modular hydraulic 672
Accuratool programme-controlled capstan lathe. New attachments for the 271
Accuratool programme-controlled capstan lathe, Orbital screw slotting attachment for the .. 770
Acheson Colloids Ltd:
Gear and Chain Spray grease lubricant 510
Aciera production drilling machine with co-ordinate table 634
Ackworthie rotary transfer machine, Operations on 686
Acoustic-beam sensor 752
Acoustic booths, Sound Attenuators modular 701
Acro-Vu Ltd:
Type B12 optical measuring projector 383
Activities of Albe SA, Switzerland 482
Activities of the Export Packing Service Group 20
Actuator, Stillson wedge-lock .. 606
Actuators for pneumatic valves, Kay Pneumatics interchangeable 63
Adam Machine Equipment Ltd: .. 634
Adaptive control, Analysis of machining noise and its potential application to 840
Adcock-Shipley, a division of Textron Ltd:
Bridgeport vices built by A-S
Type 1ES-AH horizontal milling machine arranged for cutting coupling teeth 19
Type 1ES-AH milling machines equipped with air-hydraulic fixtures at Instruments & Movements Ltd: 743
Adcock & Shipley (Plastics) Ltd:
Applications of moulded plastics components to A-S milling machines 819
Adcock & Shipley (South Africa) (Pty) Ltd:
New manufacturing plant at Johannesburg 70
Addison MC Benders Ltd:
Formation of company 324
Addison Tool Co. Ltd:
ATB automatic tube bending machine 706
Machine tool exhibition 467
Optical tooth-angle gauge .. 295
Universal type 120 tube bending machine 304
see also 592

Page

Additional mechanized production capacity at William Lee Malleable foundry 550
Additions to Clark C500 range of fork-lift trucks 210
Advantages of computer numerical control. The 541
Advantages of gravity die casting over sand casting 779
Advantages of Polak-type die casting machines 133
Advisory committee on patent agency .. .. 8E Nov 29
Advisory service for small firms, New .. .. 8E Aug 30
Aerial image projection system, Dynascope 178
Aero-Go load handling systems .. 800
Aerostatic Ltd:
Fluistic externally-pressurized fluid bearings 728,844
Aftercooler, ATC, for removing water from compressed air .. 458
Agemaspark Ltd: 858
Agie type AB/m spark erosion machine 162
Agiecut DEM wire-electrode NC spark erosion machine 162
Agreement with Welding Liaison Ltd to market a new range of friction welding machines .. .. .. 23 Aug 8E
Aids Electronic Ltd:
Carbide Hardege unit for carbide deposition 508,515
Air Automation:
Airmatic system of mounting pneumatic control valves on a common manifold inlet 174
Air-bearing arbor, Newall Pneumostat 46
Air bearings. Externally pressurized 8E Aug 16
Air Control Installations (Chard) Ltd:
Exhauster blower unit 104
Air control unit. Pindriver Systems programmed 165
Air cooler, ATC compressed 458
Air cylinders. Midland Pneumatic metric 167
Air-damped mountings for machine tools 568
Air gauging equipment, Johansson, at Borg-Warner 658
Air-gauging fixture for checking Borg-Warner transmission case, Mercer multi-dimension 654
Air lifting unit. Hunter 160
Air-line filter unit, Kay-Teknova 855
Air-lubricated Fluistic bearings, Applications of 728
Air-operated equipment facilities a variety of production operations at Bristol Pneumatic Tools 722
Air-operated grinder, Rueggeberg type PGSD 1/800 594
Air-operated work catcher constructed from Kay Pneumatic units.. .. 745
Air, The application of compressed 721
Aircraft sheet-metal parts, New quencing procedure facilities production of 516
Airline lubricators, Aro heavy-duty 65
Airline lubricators, Kay-Teknova quick-fill 671
Airmatic system of mounting pneumatic control valves on a common manifold 174
Air-O-Flow (IVC) Ltd:
Portable suction cleaner.. .. 353
Airpel Ltd:
Arlon-type return line filters 169
Aireworth (Machine Tools) Ltd:
Revive machine tool buildings at Parson Street, Keighley 860
Airtools and Compressors Ltd:
Compressed air cooler 458
Albe SA, Switzerland:
Details of production activities, also multi-operation machines for making small precision components 482
Alcoa of Great Britain Ltd:
Tool and jig plate type 300 .. 571
Alenco Industrial Components Ltd:
Ermeto range of high-pressure hose fittings extended 175
Alexander Machinery (Dudley) Ltd:
Hi-Ton hobbing and coining presses 573
Triple-Twelve horizontal band-sawing machine exhibited at Derek Hartle exhibition 572

Page

Alexander Precision Ltd:
Attachment for hydraulic die-sinking and copy milling machines for producing recessed forms on roll surfaces 345
Allen Bennett Ltd:
A new approach to billet grinding 352
Allen-Bradley Co, USA:
Agreement with Plessey to manufacture two new NC systems 360
Allenair rotary indexing tables .. 675
Alliance Foundry Co Ltd:
Cast-to-size process 319
Allisa Chalmers (Great Britain) Ltd:
Premax plugboard automatics on medium-batch production 254
Alloy for fasteners, New high-strength corrosion resistant .. 439
Alloys in aircraft, Nickel-containing 532
Allspeeds Ltd:
Centrivar variable-speed unit 560
Aluminium-alloy die castings, Design of -12 890
Aluminium alloys for die casting, BKL 464
Aluplast plastics nameplates .. 189
Anaerobic thread-locking agents.. 857
Analysis of machining noise and its potential application to adaptive control 840
Andantex Ltd:
Catep Multispeed gearboxes available in coupled form .. 850
Anderton Springs Ltd:
Circlip production 506
Lyre Circlips .. .. 5E Aug 2
Andrew Engineering Co, USA:
Linemaster optical line following equipment 334
Anglo-German partnership for development of Wankel engine components .. .. 8E Nov 29
Angular positioning of OMT rotary indexing table controlled by Uni-Lec NC system 209
Annual dinner of the Institution of Production Engineers 826
Anodizing system for zinc-alloy die castings 462
Anti-vibration mountings 567
Appledore Shipbuilders Ltd:
Facilities provided by a modern integrated enclosed shipyard.. 758
Application of Alcoa type 300 tool and jig plate 571
Application of compressed air, The 721
Application of different types of controls using compressed air.. 748
Application of moulded plastics components to A-S milling machines 819
Application of the cell system in a small machine shop, An 259
Applications of air-lubricated Fluistic bearings 728
Applications of Fluistic fluid bearings, Recent 844
Applications of high-speed grinding 229
Applications of pneumatic equipment to automatic machining 740
Applications of Unicast ceramic mould process 703
Applied Power (UK) Ltd:
Enerpac swing-arm clamping units 97
Applied Technology Co Ltd:
Aero-Go load handling systems 800
Arbor, Newall Pneumostat air-bearing 46
Arc, Determining the radius and centre of, with a ball-end probe 381
Archdale vertical milling machine retro-fitted with Valmont MCK 1 numerical control system.. .. 492
Archer tapping attachments, New 589
Ardente Industrial Services:
Hearing conservation service 104
Are machine tools too complicated? 469
Argon-arc weld inspected with Philips X-ray unit .. .. .. 7E Nov 22
Aristo co-ordinate machine for producing large-scale drawings of profiles of press tools at GKN-Sankey 365
Arlon-type return line filters. Airpel 169
Aro Corporation (UK) Ltd, The:
Heavy-duty airline lubricators 65
Arrangements for loading an 'awkward' component during the cycle of a Nickols automatic 734
Aspects of technology at Oerlikon, Zurich 110

Page

Assemblies, Bendix gauging system for sheet metal 99
Assembling a single-reduction helical gearbox at Christchurch Engineering 625
Assembly and pressure testing of inking drums at Roneo 798
Assembly and sizing of bearing bushes at Roneo 797
Assembly and welding of fuse caps, Automated 382
Assembly equipment, Dawe Instruments type 7037A untrasonic 421
Assembly technique for high-strength applications, Fisher 602
Assembly units, Wickman standardized automatic 819
Associated Automation Ltd: Install Canning Glydo equipment for rack and barrel plating .. 558
Associated British Machine Tool Makers Ltd: Parkson M1200 series milling machines 12
Associated Conveyors Ltd: Swarf handling equipment .. 284
Associated Engineering Developments Ltd: To develop new rotary engine 5E July 19
Associated Engineering Group, The: Partnership with Goetzewerke for development of Wankel engine components .. .. 8E Nov 29
Associated Machines & Tools Ltd: Parker Majestic surface-type grinding machines 363
Association of Engineering Distributors: Annual general meeting 827
Astaron-Bird Ltd: 601
Astro Technology Ltd: Inverted-spindle drilling machine 861
Atkin W T (Tottenham) Ltd: New press-shop equipment .. 52
Some automatic press set-ups 486
Spacesaver type MS6/AV-500 unit 52
Atkins Group, W S: Engineering design and analysis service 755
Attachments for the Accuratool programme-controlled capstan lathe. New 271
Audio-signal unit, Horstmann .. 675
Aurora FU200 bed-type milling machine 639
Auto-Flash grinder. Baker Perkins 236
Auto-grinding the gears used in Moog hydraulic servo motors 5
Auto-ladle ladling unit for die casting, Markham/Lucas 312, 463
Auto-Lift hopper, INA 645
Autologic Ltd 715
Automated assembly and welding of fuse caps 382
Automated Producting Exhibition, 2nd - APEX 2 .. .. 5E Dec 6
Automatic assembly units, Wickman standardized.. 819
Automatic, Bechler AR-10, in a linked arrangement with air-operated rotary transfer machine 742
Automatic, Brown & Ward 3-operation, installed at Roneo 794
Automatic. Bullard Templa-Turn type 18/25 TCA 2-spindle vertical chucking 332
Automatic drafting plotter, Data Technology 631
Automatic drilling machine with component orientating arrangements 724
Automatic Engineers (Hinkley) Ltd: 562
Automatic equipped with work catcher, Bechler AR-7 sliding headstock 745
Automatic feed and transfer system for a press line, Udal 556
Automatic feeding benefits coining operation 878
Automatic. Index DO 12 single-spindle 219
Automatic indexing on Precision Grinding cam measuring machines 710
Automatic inspection procedures, Quality control by 643
Automatic ladling equipment, SFEAT Dosomec 607
Automatic ladling furnace, Plume-Warwick Shotmaster 318
Automatic loading and unloading on a Wickman chucking automatic .. 240
Automatic machine for drilling circular patterns of small holes 457
Automatic machining, Applications of pneumatic equipment to 740
Automatic parts counter 8
Automatic, Pittler-Acme-Gridley multi-spindle, for eccentric turning and producing Woodruff keyway 622
Automatic, Pittler-Acme-Gridley multi-spindle, for producing blanks for crankshaft sprockets 586

Page

Automatic, Rydermatic type 15S vertical single-spindle for machining operations on wheel castings 28
Automatic. Tool correction system for a Monforts 200
Automatic, Tornos R 10, an auxiliary camshaft 712
Automatic transfer assembly machine for AC spark plug components 157
Automatic transmission unit, Borg-Warner drastically reduce machining requirements for a new 398,470,542,650
Automatic. WSA 4AC with programme-controlled chuck 117
Automatic, Warner Swasey 2ACL single-spindle chucking 326
Automatic, Warner & Swasey type 2ACL chucking 498
Automatic, Wickman chucking, Automatic loading and unloading on a 243
Automatic work handling on a Weisser Frontor machine 456
Automatics, Battery of Warner-Swasey Asquith chucking, at Hydrovane 870
Automatics. Gen-A-Cam machine for preparing cams for 235
Automatics, Herbert pre-set tooling for single-spindle 14
Automatics, Kaybee tool blocks for 498
Automatics, Linked Minganti multi-spindle 451
Automatics. Premax plugboard, on medium-batch production 254
Automatics, Tarex TAR/num NC turret-type 200
Automation at Bristol Pneumatic Tools Ltd, Low-cost 722
Automation of a die casting machine 136
Automotive Products Group 173
Autonumerics Inc, USA 668
Autonumis Ltd: Exhibits displayed at Diecasting Exhibition 355
Autoray automatic radiographic inspection equipment 666
Autotrack (Birmingham) Ltd: Precision ball transfer units 156
Autovac 5 vacuum lifting equipment 139
Avery Ltd, W & T: Scale which automatically selects appropriate range 519
Avon diecasting Co Ltd: 601
Auxiliary Pneumatic Co Ltd: Indexing table 308
Auxiliary shafts for Vauxhall ohc engines, Producing 621
Aylesbury Automation Ltd: Inspection unit for pressings 82

B

BFI Electronics Ltd: Micro-Derm MD-3 plating thickness tester 50
BIG X7 high-speed drilling unit . 727
BKL Alloys Ltd: Aluminium alloys for die casting 464
BOC Arc Welding Products Division 715
BOC Ltd: BOC-Murex type M1/330 welding transformer 419
BSA lathe, the first machine to be automated by Bristol Pneumatic Tools, An old 722
BSA Sintered Components Ltd: Automatic feeding benefits coining operation 878
Production of sintered components for the Borg Warner type 45 automatic transmission unit .. 545
BSI standards conference 1972 .. 23
BVR Inc: Position feedback units 167
see also 251
Back-pressure sensor 751
Badalex Ltd: Component coating machine CC4 495
Linear assembly machine chassis, type L300 306
Bailey & Mackey Ltd: Pneumatic-signal pressure switches 561
Baker Perkins Ltd: Auto-Flash grinder 236
Bakuer tool holders 532
Balancing machine, Gisholt,type 1S horizontal dynamic 859
Balancing machines, New Jackson & Bradwell dynamic.. 528
Ball-end probe, Determining the radius and centre of an arc with a 381
Ball groove slide, New SKF . .. 272
Ball transfer units, Autotrack precision 156
Bandgee ¼-in BSP air-pilot operated hydraulic directional control valve 347

Page

Bandsawing machine, Alexander Triple Twelve, exhibited at the Derek Hartle Exhibition 572
Bandsawing machine, Midsaw Beta, exhibited at D Hartle exhibition 572
Bandsawing machine, Selva bench-mounted 590
Bandsawing machine, Startrite Band-it 422
Bandsawing machine, DoALL new .. 330
Bar handling on centreless grinders at Unbrako Steel, Mechanized 491
Barrel transporter, Drum Master 411
Barton H K: 7th International Pressure Die Casting Conference 135
Pore-free die casting 129
Batch production activities, High-accuracy and high-efficiency 794
Batch production operations on compressor parts.. 866
Batchmatic symposia concentrate on economics .. .. 8E Nov 15
Batch, Techne FB-05 cluididzer .. 224
Battery plates, Pressure die casting of 600
Bath J E & Co Ltd: Shadowmaster type CRF3 optical projector 97
Baty optical form projectors installed in cubicles for grinding tungsten carbide punches .. . 363
Baugh & Weedon Ltd: Ultrasonic flaw detector .. 673
see also .. .. 7E Nov 22
Baxter, Dr. W J: Early warning of metal fatigue 631
Beam-type co-ordinate milling and drilling machine, Grimston .. 422
Bearing bushes at Roneo, Sizing and assembly of 797
Bearing cages machines under numerical control 86
Bearing, FAG 26 ft diameter roller 206
Bearing housings, FAG type MGR 144 checking instruments for .. 412
Bearing systems, Building-block test rig for 730
Bearings, Applications of air-lubricated Fluistic 728
Bearings, Externally pressurized air 8E Aug 16
Bearings laminates, New slitting line for Vandervell 100
Bearings, Recent applications of Fluistic fluid 844
Bearings, Rocol high-temperature grease used for furnace 629
Bearings, Unimatic Engineers HW range of linear 565
Beaver Machine Tool Sales Ltd: Mk 6 heavy-duty bed-type milling machine 202
True-Trace Control Path hydraulic copying machine 223
Bechler AR-7 sliding headstock automatic equipped with work catcher 745
Bechler AR-10 sliding headstock automatic in a linked arrangement with air-operated rotary transfer machine.. 742
Bedding-in a 6000 hp fifth finishing stand with Conbextra G grout at BSC 701
Bell Aerospace Division, Textrol Inc: Electroforming aerospace components 8
Bellows-Valvair Ltd: Special-purpose drilling machine for pump casings 121
Type 22 am drilling unit .. 163
Belt grinder, Grief type GB 300 automatic abrasive 880
Bench press, GDB pneumatic, with guard operation 22
Bendix Corp, USA: Sheffield electronic column gauge 372
Sheffield type 187C 'multiform' grinder 337
Bendix gauging system for sheet metal assemblies 99
Bennett Tools Ltd: Blow-feed screwdriver 886
Bernard type K gasless welding gun 307
Bernard welding gun incorporating fume extraction arrangements.. 501
Bernfield, Eric H Ltd: Touro-strob type 030B stroboscope 51
Bevel gears for small shaft angles 54
Bibliography on leaded steels .. 5E Dec 6
Bicycle front-wheel forks exhibited at Diecasting Exhibition as examples of Gravair die castings 466
Bi-directional counters, Data Technology 630
Billet grinding, A new approach . 352
Bin activators installed at William Lee Malleable, Simon Carves .. 551
Bin and box storage, Scantact Tri-clamp system for 302

Page

Bink-Bullows Ltd:
Design automated electrostatic powder-coating plant for finishing components more economically 549
Low-pressure paint filter .. 663
Stajet 60 electrostatic powder-spraying equipment 739
Binns & Berry Lathes Ltd:
Trident centre lathe 203
Birkett Cutmaster Ltd:
Cutting-off machine type WPD 18/20 SC 773
Black & Decker Ltd:
Star range industrial drills.. 419
Blade grinding machine, Oerlikon SKB 111
Blanchard twin-wheel production surface grinder 387
Blanking lines, Cincinnati precision 771
Blanking press, Haemmerle high-speed 125
Blind caged nuts, New Spirol range of 849
Bliss Co, E W, USA:
Powerbar 4-bar single-acting press 328
Bliss (England) Ltd, E W:
25-ton press for operations on rocker arms 442
see also 328
Bliss 675 double-throw crank press equipped with a follow-on tool, installed at Tecalemit Engineering 688
Blowers, Rapmac to make industrial 7E July 26
Blow-feed screwdriver, Bennett 886
Boehringer crankshaft whirling machine, Work handling equipment for the 240
Boehringer NC lathe, High-speed turning on a.. 198
Bogie hearth furnace, Wellman Incandescent, which makes use of low thermal mass construction developed by Flinn & Dreffein 8E Oct 11
Boltmaster cold forming machine for producing stainless-steel valve spindle blanks, Peltzer & Ehlers 871
Booths, Sound Attenuators modular acoustic 701
Borazon CBN for machining very tough materials 788
Borazon CBN type II grinding wheels, Norton 575
Borg-Warner Ltd:
Drastically reduce machining requirements for new automatic transmission.. 398,470,542,650
Power-wheel unit 139
Boring and grinding, Set-ups for high-accuracy production.. .. 2
Boring and milling machine, Union type BFT 90/4 NC-1 horizontal 823
Boring and recessing tools, J & S-Gebo 884
Boring machines, Ex-Cell-O vertical and horizontal types 411A and 742DE fine 528
Boring mill, Defum single-column vertical turning and 821
Boring, milling and drilling machine, Yasda Jigmaster type YMB-80J . 235
Boring tools, Kaiser 162
Bowers T & Co (Toolmakers) Ltd:
New products from 204
Off-setting tailstock centre . 205
Taper reamer to eliminate chatter 204
Bowl feeders, INA bulk-loading arrangement for 645
Boxmoor Machine Tools Ltd: 775
Bracker radial-type riveting machines 883
Bradrad tools for enlarging the centre holes of circular saws 126
Brake shoes, British Federal Automatic welding machine for .. 458
Brand type FS 735 hydraulic surface grinder 500
Brauer F, Ltd:
Improved heavy-duty clamp .. 420
Breakage detected by the PEL gauging system, Tool 99
Bregnard co-ordinate positioning table fitted to Aciera production drilling machine 634
Brentford multi-point lubricators, Tecalemit, fitted to a Multiforge machine 686
Brew design of unit in integrated-quench vacuum furnaces technology 300
Bridgeport milling machine equipped with Positool 900 system .. 669
Bridgeport vices built by A-S .. 78
Bridon Coiled Multishapes 678
Bright Grayson Ltd:
Hardness testers 672
Brimag electro-magnets, 110V pot-type suspended from a swing frame to lift steel plates 762
Bristol Erickson indexing unit set up on a Drill Service automatic-cycle drilling machine 457
Bristol Erickson indexing unit set up on a Slack & Parr drilling machine 448

Page

Bristol Erickson indexing units, Applications of, at Moog Ltd 4
Bristol Pneumatic Tools Ltd:
Low cost automation 722
British Aircraft Corporation:
New quenching procedure facilitates production of aircraft sheet-metal parts 516
British Aluminium Co Ltd:
Applying Telemotive radio-controlled system for factory cranes 225
British Association of Machine Tool Merchants:
Annual general meeting and luncheon 862
Plans for entry into Europe .. 539
British die casters, Competitions indicate competence of 601
British Federel Welder & Machine Co Ltd:
Automatic welding machine for brake shoes 458
Fully-automatic forming and seam welding machines supplied to Moon Bros. 825
Resistance welder for fuse caps 382
Welding ends of rocker arms .. 440
British Filter Ltd:
Jarret spring mounting 568
British Industrial Gases Ltd:
Multi-operator gas supply console for welding 210
British Insulated Callender's Cables Ltd:
Rocol high-temperature grease used for furnace bearings .. 629
British Leyland Motor Corporation:
Inspection fixture for Morris Marina car bodies .. .. .. 8E Oct 18
British machine tool mission for Japan .. .. 7E Oct 11
British Non-Ferrous Metals Research Association:
Die casting activities 31
Monitoring and control systems for high- and low-pressure casting 461
British Oerlikon, branch of Machine Tool Works Oerlikon-Buhrle Ltd 110,123
British Oxygen Co Ltd:
BOC-Murex type LD 185 oil-cooled welding transformer 233
Cold-forming and machining of stainless-steel valve spindles 871
Shafts lowered into a bath of liquid nitrogen at a temperature of -190°C to contract them for ease of assembly .. .. .. 5E Dec 20
British Ropes Ltd:
Bridon Coiled Multishapes .. 678
British Safety Council conference, Mixed views on The Robens Report at 426
British Steel Corporation, The:
Development in Scotland .. .. 7E Aug 30
Developments at the Velindre Works, S. Wales 384
6000-hp fifth finishing stand bedded in with Conbextra G grout 701
British Syphon Co Ltd:
Install Vortex separator to remove water from compressed air 839
Brno Fair, Changing character of the 70
Broach sharpening machine, Cincinnati 390
Broaches, Marlco square hole.. .. 99
Broaching 12 pressings simultaneously on a Karl Klink type RSI 10 vertical machine 443
Broadbent Machine Tools Ltd:
Centre lathes type 8SX and D series exhibited at D Hartle exhibition 572
Brockhouse Engineering Ltd:
Hydrostatic transmission system 139
Bronx Engineering Co Ltd, The:
Decoiling and cut-to-length line 790
Re-coiling unit for metal strip 785
Slitting and shearing lines for new warehouse of Arthur Hodge 5E Aug 16
Bronx 3-roll pinch pyramid plate bending machine for hot-rolling part of a boiler drum 667
Brooke automatic-cycle special-purpose machine installed at Kent Alloys Ltd 28
Broomfield Carbide Gauges Ltd:
Chromium carbide gauge blocks 366
Browne & Sharpe Ltd:
Visual form grinders installed at GKN-Sankey for producing press tool profiles 366
see also.. 334,883
Brown & Sharpe Ltd, Double A Hydraulic Division:
Miniature gasket-mounted hydraulic control valves.. .. 61
Browne & Sharpe Manufacturing Co USA:
Hydrocenter VRM/32 machining centre 334
Multiple slotting unit for an automatic 518

Page

Brown & Ward (Tools) Ltd:
Inter-machine work transfer arrangements 240
New selling arrangement 431
Brown & Ward 3-operation automatic installed at Roneo 794
Brown Boveri & Co:
Multi-purpose furnace for heat treatment of steel 49
Brown, David, Gear Industries:
Confirm that the use of gears hardened by nitriding would afford considerable benefits 341
Brunner Machine Tools Ltd:
Saacke type UW II universal tool and cutter grinding machine .. 12
see also.. 824
Brush Electrical Engineering Co Ltd:
Automated assembly and welding of fuse caps 382
Brush Electrical Machines Ltd install Wellman Incandescent bogie hearth furnace which makes use of low thermal mass construction developed by Flinn & Deffrein 8E Oct 11
Bryans Southern Instruments Ltd:
General-purpose recorder .. 102
Buck & Hickman Ltd:
Roebuck toolboxes 594
see also.. .. .. 332,5E Oct 11
Budgeting for the determined standard 716
Buhler Brothers (England) Ltd .. 605
Building-block test rig for bearing systems 730
Bulk-loading arrangement for bowl feeders, INA 645
Bullard Co, The, USA:
Templa-Turn type 18/25 TCA 2-spindle vertical chcking automatic 332
Bumper forming, A new technique for 553
Burgmaster turret machine 843
Burmah-Castrol Industrial Ltd:
Castrol Hysol soluble cutting oils 5E July 5
Lubrication service at MTI '72 176
Burnishing ball ends of valve spindles, Herbert lathe set up for 875
Burr formation and draw-in on fine blanked parts 806
Butler GS 14 shaper to be made by Aireworth (Machine Tools) .. 860
Butler Machine Tool Co Ltd:
Development of the Elgamill milling machine 715
Elgamill type T milling machine 880
PSC 460, 550 and 560 lathes .. 435
The changing character of the company 434
Toolroom lathe type 2500 .. 423
Type 460 NC lathe 448

C

CBI draw attention to the low level of new investment in industry 7E Nov 22
C & N Electrical Industries Ltd:
Digital measuring system type 8000 Mk II 850
CNC Master Tools Ltd:
Speedpins being used for jig grinding operations 418
Cabinets, Polstore, simplify the handling and storage of tools 8E Sep 6
Cable reels, Portapower 416
Cable ties, Scotchflex 116
Cable trunking costs cut by the use of Prestincert bushes 227
Cables on which nipples and terminals have been formed directly by die casting 134
Cage, Lenson pallet converter .. 713
Caged nuts, New Spirol range of blind 849
Cages, bearing, machined under numerical control 86
Calculating stress, New system for 5E Dec 13
Calculating the strength of gear teeth, Nomographs for 626
Calculation of worm gearing efficiency, Nomographs for the 206
Calculator, Fearns re-order point 56
Calculators for engineers, Wang electronic 552
Caliper gauges, PAV 381
Cam Gears Ltd:
Quality control of motor vehicle components 521
Cam making facilities at Cammatic Suisse Ltd .. .. 5E Nov 29
